

## GRANDE MODERNO COCKTAIL TABLE

SKU: TAR2005

Following the Mexican Civil War in the mid-1800's began an immense movement to convert forestry lands into farming. The

remnants of the forestry is now used in the construction of these pieces. Stumps long buried take on an abstract beauty through years of

burrowing insects and the petrification of the wood. Due to the reclaiming of these woods, it is not clear as to what species the styles

are created. Each piece will be unique in tone, texture, and color. A true work of art. Dimensions: W 61.5" x D 45.75" x H 17"
