

V. ALENTEJO

SKU: HNR4032

Every Henry Dean object is created out of mouth blown and handmade glass. The use of a wooden mold is a very primitive technique to create glass objects and must be performed by the skilled hands of real artisans. Each time this mold is used, it burns out a little bit, thus giving each object its unique, handmade character. Dimensions: Dia. 15" (top) Dia. 11.5" (bottom) x H 11.5"
