

DEXTER END TABLE

SKU: TER1434

The Dexter piques creates intrigue in any space it occupies. The quasiregular configuration of this cast resin accent table breaks in the center appearing as two separate pieces to offer an unparalleled dimensional dynamic to its faceted form. A black volcanic ash composite finishes the piece with real ash creating a surface that reminds us of the texture found on traditional Aztec Basalt sculptures. Its versatility allows this piece to function both indoors and out. Finish will vary. Dimensions: D 17" x H 21"
