The Hunter Collection showcases HW Home's signature use of rich materials and fine craftsmanship. With our Hunter Desk, a neo-classical silhouette is elevated to luxurious new heights in lush black leather. Visible stitchin g in the leather gives the piece a distinguished and distinctly Americana sophistication, all pulled together by thoughtfully-placed custom brass accents. A sleek set of drawers at the sides and center gently glide open to reveal sumptuous micro-suede interiors, such as you might find within an expensive jewelry box. The Hunter is an ideal pick for a stately study or posh home office rooted in classic luxury.Dimensions: W 59.5" x D 25" x H 31.5"
